

Office Staff BC School Sports

Welcome to the 2016-2017 school year. The BC School Sports (BCSS) staff looks forward to another wonderful year in support of our member schools providing exceptional educational and athletic experiences for over 86,000 student-athletes. As we continue to provide these opportunities, we also wish to recognize and thank the over 20,000 volunteers that contribute to school sports.

As role models, you: the teacher coaches, community coaches, event organizers, commission organizers, athletic associations, family and fans, play a critical role in shaping our leaders of tomorrow as you demonstrate sportsmanship, fair play and the positive impact of sports in schools. The success of our school sports system relies on our collective strength and dedication as we work together to improve sports for all. Thank you so much to all of our members and volunteers!

We also appreciate the support and commitment of the volunteers that make up the BCSS Board of Directors and committee members; their selfless contributions are countless and they are an invaluable asset to our organization. Every year, we marvel at their amazing performances at our 59 provincial championships. We look forward to greater things this year around the province.

Good luck and have fun as you participate and compete in your 2016-2017 school sports
